ISSUE

Westlake is an American university. Two years ago, the university organised a study trip to Poland and the Czech Republic, so that students could learn about the counties' culture and history. Unfortunately, the organizers made many mistakes and the trip was not successful. This year, they will take another group of students (aged 18-21) to the same area. They want to avoid the mistakes they made in the past.

AGENDA

- 1. Discuss the possible problems that may arise in a trip like this.
- 2. Hold the meeting to discuss the most serious problems.
- 3. Rank the problems in order of seriousness.
- 4. Make suggestions which will make the next trip more successful.

Notes to the agenda

1. Discuss the possible problems that may arise in a trip like this.

Brainstorm possible problems in small groups of colleagues before going to a meeting.

2. Hold the meeting to discuss the most serious problems.

Representatives of the groups should share their ideas concerning the most serious issues.

3. Rank the problems in order of seriousness.

Representatives of the groups should build up a list of problems in order of seriousness.

4. Make suggestions which will make the next trip more successful.

Trip organisers decide on the best ways to avoid difficulties in the next trip.

H&M: First Sweden then the World.

www.hm.com

If you have an eye for fashion and a good sense of value, chances are you already know about H&M. The Swedish company has grown to be the world's second-largest apparel company by pursuing a balance of cutting-edge style, quality, and attractive prices.

H&M started in 1947 as a women's clothing store in Västerås, Sweden. International expansion came slowly at first, with stores in Norway in 1964, Denmark in 1967, and the United Kingdom in 1976. The product range expanded as well, with the addition of men's and children's lines and eventually cosmetics and items for the home. Germany, currently the company's largest market, followed in 1980. The pace accelerated through the 1990s, and by 2013, the company boasted 3,000 stores in more than 50 countries. Even with so many stores in operation, H&M still aims to expand by 10 to 15 percent every year.

To be sure, H&M's global expansion has not gone uncontested. Its biggest competitor overall—and the world's largest clothing retailer—is the multibrand Spanish company Inditex. Inditex's biggest chain, Zara, is still relatively unknown in the United States but has a huge presence in Europe and other markets. Zara is highly regarded as the innovator of "fast fashion," in which high-speed design, production, and distribution systems can jump on trend shifts and get new styles into retail shops in as little as two or three weeks. Inditex isn't sitting still either, with plans to open 1,000 new stores in the next few years.

Imagine you are Karl-Johan Persson, H&M's managing director and chief executive officer. How would you plot the company's continuing global expansion?

Would you use the same business strategies in every country or adapt to local markets?

Would you present H&M as a consistent global brand or modify the presentation for each country? How would you keep growing when you're already the world's second-largest apparel retailer?
